Dear Mr. Gordon,

As educators near the end of the school year, we recap what worked and what could have been done better to enhance the educational experience of our students. Despite the challenges caused by the pandemic and unexpected school closures right after the holidays, we are proud of our students' achievements. Our students excelled in their educational endeavors, and we managed to graduate a total of 15 scholars being accepted into the CSU and UC campuses.

Mr. Gordon, the reading program is the best additional resource and educational support program for our students and teachers. In fact, our students received a total of 420 books through the program. The selection of quality books included great options, such as *We Are Not Free*, *Anne Frank's Diary*, *Firekeeper's Daughter*, and so many other powerful and life-changing books.

Let me express my deep gratitude to Gordon Philanthropies for your ongoing support of our students and teachers. Thank you for making this a successful school year. We hope that this partnership continues to flourish.

Thank you,
